

ALL SET: A representative of the Malaysian contingent with Zulhasnan

## Athletes get pocket money

**MORE** than 130 Federal Territory athletes, who will be representing Malaysia in next month's 2007 Sea Games in Korat, Thailand, will have additional pocket money during the games, thanks to the Federal Territories Ministry.

The ministry has approved a token contribution of RM250 to each of the athlete as an encouragement for them to give their all during the games.

At a presentation ceremony held at Universiti Putra Malaysia's Fifth College yesterday, Federal

Territories Minister Datuk Seri Zulhasnan Rafique handed over the ministry's contributions to more than 30 representatives of the various sports bodies whose athletes will be taking part in the Sea Games.

"I hope the pocket money would be an additional fund for the athletes to cope with their expenses during the games," Zulhasnan said.

He hoped that the contribution will motivate the athletes to raise their performances during the games. — **By REENA RAJ**
